

Build a Better Burque

PROJECT SUMMARY

In Build a Better Burque, students learned NM History and practiced English Language Arts and Drafting skills through the lens of city planning in Albuquerque, NM. Students also learned about principles of city planning and design.

CREDITS OFFERED

NM History, English, Drafting

DRIVING QUESTION

How can city planners use history to build a better Albuquerque?

WHAT STUDENTS CREATED

Students drew a phased map of Albuquerque that changed in accordance to historical events, designed a city in accordance with the Laws of the Indies, and designed a contemporary Albuquerque neighborhood.

CULMINATING EXPERIENCE AND/OR EXHIBITION DESCRIPTION

For their final project, students took on the role of city planners and designed a neighborhood in present day Albuquerque that is diverse, scaled for human interaction and sustainable.
